

Introducing TIFF's Initiative:

Florida's Emergency Contact Program

In the past three years with the help of; State Representative (68) Bill Galvano, Department of Highway Safety and Motor Vehicles and various Law Enforcement Agencies we have implemented a program designed to give law enforcement immediate access to the emergency contacts of your choice.

Over 3,000,000 have already registered and it has been used over 600,000 times.

Many things in life can wait until tomorrow; this is not one of them. This is a FREE, VOLUNTARY Program for anyone with a Florida Drivers License or ID Card. The process only takes minutes and can save you and your loved ones valuable time when it is most crucial.

Frequently Asked Questions

Who will have access to my info?

Only Law Enforcement has access to your Emergency Contact Information.

Will my information be used for any other purpose?

NO, this info is only used to contact the contacts that you designate In the event of an emergency.

Why was this system developed?

This system was developed because there was no emergency contact program in place to notify loved ones in the event of an emergency.

This program was initiated by Christine Olson in loving memory of her daughter Tiffiany because she was involved in a fatal accident and it was over 6 hours before any notification took place.

6 hours is the National Average for notification!
